----- SPIEGEL, J.

The United States Attorney respectfully requests that this Information be kept sealed until the defendant enters his plea of guilty.

MEMORANDUM

The United States Attorney requests that the Clerk be ordered to seal the Information and accompanying Plea Agreement and not disclose its existence until the defendant enters his plea. Since neither the United States nor the defendant can respond to any inquiries from the press or other public groups prior to the actual plea of the defendant, much unfounded and unfair speculation could result. A statement of facts should

first be disclosed in open court to the judge taking the plea,
with the defendant having the opportunity to respond without any
prior media exposure.

Respectfully submitted,

D. MICHAEL CRITES
United States Attorney
